

A change to our maths homework format

Dear Parents,

At Batheaston Primary School, we have previously used online maths tools such as 'Mathletics' and 'My Maths' to provide maths homework for our children. We have ended this provision and maths homework will now be given out in the form of paper copies.

Please refer to our homework policy (available on our website) for more specific information about how often and when your child will receive maths homework.

Busy Ant Challenges

Please note that if your child is given 'Busy Ant' maths homework, where three challenges are displayed on the page, your child does not need to complete all three challenges. Instead, they are free to choose which challenge best suits their level of understanding: Challenge 1 is the most basic activity, Challenge 2 is roughly at national expectation and Challenge 3 is more complex.

If the work set is not from the Busy Ant scheme, your child's teacher will expect it all to be completed unless otherwise stated.

With best wishes,

Sian Grindle.
