

Fun Science After School Programme

Fun Science will be returning to Batheaston school after the Easter break to run a club for an hour a week after school on a Friday. The programme is open to all children from years 1- 6 and is jam packed with hands on science activities.

Activities will include learning about our skin, some brand new fizzing potions, experimenting with water beads, investigating rocks using sweets and much more! Activities will be different to those done previously so children are welcome to sign up again.

The cost is £72 for the 12 week block and each week children will either make or be given something to take home with them so that the investigation can continue at home.

Sessions will run from 3.20pm – 4.20pm on the following dates:

20/4, 27/4/, 4/5, 11/5, 18/5, 25/5, (HALF TERM), 8/6, 15/6, 22/6, 29/6, 6/7, 13/7

The programme will be located in a room on site at the school.

If you would like your child/children to attend the science after school club, please fill in the form below and return it to the school office before the first session. Places are limited and will be awarded on a first come, first served basis.

Batheaston – Summer Term

Child's name _____ Child's Age _____
