

Batheaston Primary School

Sports Premium 2018/19

The government provides additional funding to improve provision of physical education (P.E.) and sport in primary schools. This funding is provided jointly by the Departments for Education, Health and Culture, Media and Sport.

For the academic year 2018 – 2019 Batheaston Primary School has received **£17 800**

Below is a breakdown of how the funding will be spent and how we will measure its impact on our children:

- ✚ Fund a P.E. Co-ordinator who will lead and review P.E across the school providing and facilitating CPD opportunities to teachers. They will also provide bespoke provision for vulnerable groups, organise extra curricula and intra-house competitive opportunities throughout the year for the children. Furthermore they will lead the Sport Leaders and Play Leaders to help facilitate active playtimes and positive competition opportunities. They will promote physical activity in the school by supporting teachers to embed P.E. in all curriculum areas and by promoting the importance of 'normalising' physical activity for children. The lead will also seek opportunities to promote the 'Sugar Smart' campaign and ensure that a new 'healthy eating' policy is in place.
- ✚ Continue to provide support to teaching staff to use the highly regarded scheme of work - REAL P.E and Dance Notes. This will also develop our pupil assessment in P.E.
- ✚ Fund an experienced school sports partnership organiser to lead cluster sports events, provide training for teachers, identify and support more able children and offer specialist advice and opportunities for children and staff.
- ✚ Employ specialist coaches including Superstars Sports Agency to teach all children in the school.
- ✚ Transport all children to a minimum of one sporting competition and/ or sport festival in school time (e.g. bus and staff to take teams to cluster competitions).
- ✚ Join the School Sports Partnership who will provide support throughout the year including CPD opportunities for teachers e.g. support with setting up personal challenges for all pupils and additional coaching opportunities for our most able pupils and specialist teaching for targeted groups.
- ✚ Update resources as and where deemed necessary to provide quality P.E. lessons to the children.
- ✚ The school will also subsidise extracurricular sport clubs to target vulnerable and less active groups.
- ✚ Fulfil the requirements of the School Games Gold Mark Award to ensure high participation in physical activity and competition is maintained.

The impact of this funding will be measured through:

- Pupil perception questionnaires measuring the interest of children in different areas of the P.E. curriculum
- Staff questionnaires measuring their confidence in teaching P.E.
- The increase in the number of children engaging in interschool sporting activities
- The number of children attending a sports club either in school or outside
- The achievement of the School Games Kite GOLD mark.
