

The Shoe Box Challenge

During the summer break we would like you to decorate a shoe box. Maybe it could be your new school shoes box! You can decorate it how you like; the joy of this challenge is that every box will look different and unique to you.

Once decorated we would then like you to choose 5 objects to place inside. In the past children have put photos, toys, pictures, collectables, natural objects found i.e. a shell from your holidays. It can be anything you like.

On your first day of school, bring in your box and we will place it on display in the classroom. Everyday we will share a box and its contents so that we find out a little more about each of you. *Please bear in mind that it will take a couple of weeks to get through everyone's box!*

*Once shared you can then take your box home.
Thank you, we look forward to checking out your box and its contents.*
